

2019-2020 Wellness Committee Agenda Nov 21st, 2019

Agenda:

- Reflection and celebration on school wellness activities selected last year with updates using the evidence-based School Health Index.

- Analyzing local level data (including the School Health Index, MN Student Survey, and district readiness checklists) to identify action items for the 2019-2020 school year to bring back and be shared with the broader district wellness team.

- Coordinating next steps in meeting the triennial review of local wellness policies.

- Creating connections from all 8 of the partnering districts to move wellness forward.

Please make sure to bring the School Health Index Modules we all took with us at our last meeting.
